Apply Now! Don't Miss out on funds

Deadline to apply is May for the next School Year!!!

Want to do a service learning project?

Unsure of where to start?

TRY A

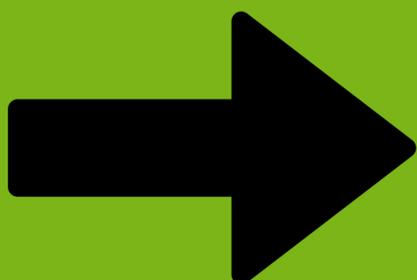

READY-TO-GO PROJECT!

Ready-to-Go service learning projects have been developed for the 2025-2026 school year. The projects are no charge to the school and include transportation, lunch, and all program costs, as well as materials.

The service component has been paired with relevant classroom curriculum and is aligned with Louisiana State standards.

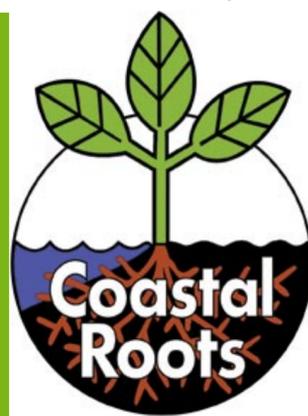

Curriculum is provided as lesson plans for the project, delivered by educators from the service organization, or a combination of both.
